

## **DON SAVARIA**

Don is seeking re-election to the Regina Community Clinic Board to continue contributing to strong governance and meaningful engagement with members of the community.

As President of Savaria Public Relations Inc., he brings more than 50 years of experience in public relations, issues management, and strategic communications, supporting organizations across health care, government, and the non-profit sector,

including long-standing work in Saskatchewan. This experience has shaped a practical approach to governance and an appreciation for the importance of staying connected to the broader environment in which RCC operates.

Over the past term, it has been a privilege for Don to work alongside fellow board members and staff, serving as Chair of the Advocacy Committee and now the Member and Community Engagement Committee (MCEC). Together, quarterly stakeholder updates have been introduced, and how the Board tracks and discusses emerging issues and opportunities has been strengthened.

There has also been a focus on keeping the Board informed of key developments, including government policy changes and broader trends affecting primary care.

In addition to serving on the Finance and Audit Committee, Don has worked with others to organize RCC's 2025 André Picard event on health misinformation.

Don would welcome the opportunity to continue contributing his experience and perspective in a second term.
