

WANDA MATRAVOLGYI

Wanda was elected to the Board of Directors of the Regina Community Clinic in 2023. She was born in rural Saskatchewan and has resided in Regina for 40+ years.

Wanda has been married to her high school sweetheart, James, for 28 years. They have three beautiful adult children, all attending the University of Regina. Their oldest daughter is 21 and their twins (boy / girl) are 19. Their family dog rounds out their immediate family.

Wanda started her career in the Financial Service Industry in 1993 at an entry level position. She quickly realized: She thrives on helping people. So, while working full-time, she started taking financial training and literacy courses through the Canadian Securities Institute. She truly loves her career; the relationships and trust she has formed with colleagues and clients is unmeasurable, in terms of what she gets back!

She believes there few things in life that equal a good conversation, a walk, a hug, a smile, and a good friend. Her favorite quote is....."Success is making a difference in the lives of others. Happiness is watching them grow because of it" ~ Author unknown ~"

Wanda looks forward to building new friendships and being an intricate part of the clinic's success!

Wanda is an Investment Associate with Scotia Wealth Management and was previously a Financial Advisor with CIBC Imperial Service. She has been involved with Big Sisters, Diabetes Canada, Queen City Volleyball, and Resurrection Parish.
